- Seamless Employee Transition
- Post-Construction Cleanup
- 8-Step Training Program
- Event Coordination

## CUSTOM-DESIGNED CAMPUS SOLUTIONS

With dwindling resources, whether a result of a decrease in government funding or enrollment, a greater emphasis is being placed on enhancing a school's environment to further student experiences. Whether it be the need to improve the appearance of existing facilities to boost curb appeal or the desire to create a safer, cleaner learning environment that reduces absenteeism, many organizations are searching for a true partner to deliver cost-effective, high-quality results.

The SSC Custodial Program is a deeply thorough and time-tested operational approach, delivering high-satisfaction environments that are inspection-ready at all times. Our Custodial Program goes beyond simply ensuring cleanliness and actively works to promote an overall sense of good condition to guarantee an ideal learning environment. Our cleaning associates work on the aesthetic details of an area to create a crisp, welcoming feel in both common areas and classrooms.

Our Custodial Program goes beyond simply ensuring cleanliness and actively works to promote an overall sense of good condition to guarantee an ideal learning environment.

With the SSC Custodial Program, your facilities will be in the hands of our seasoned specialists and dedicated hourly staff. Together, they bring you a dependable, replicable regimen of processes that is designed around specific cleaning objectives, with an appreciation for the importance of aesthetics, and a backbone of constant questioning and validation. This program, combined with measureable outcomes, tailored quality assurance technology, and the best possible equipment for the job, is relied upon by high-performing educational facilities all over the country.
